2. Tracking

The tracking number is sent by email and Telegram as soon as the parcel is picked up by the courier. If the tracking status has not changed for 3 days, please contact our team.

3. Returns

You can return a product within 7 days after it is delivered if it is damaged, defective, or different from what you ordered. To file a return, send an unboxing video and photos of the product to our team. Returns without an unboxing video cannot be processed.

Products must be unused and in their original packaging. Return shipping is paid by Lumina for damaged, defective or wrong items.

We do not accept returns for change of mind, for candles and scented products once opened, or for items bought in the Clearance Sale.

4. Refunds

Once the returned item arrives and is checked (maximum 2 working days), you can choose a replacement product or a refund.

Refunds to bank accounts and e-wallets are processed within 3 to 5 working days. Refunds to credit cards take 7 to 14 working days, depending on the issuing bank. Original shipping costs are not refunded, except for wrong items.

5. Lost or damaged parcels

All parcels are insured. If a parcel is lost or arrives badly damaged, report it within 2 days of the delivery date and we will send a replacement or a full refund after the courier claim is approved.

6. Warranty

Lighting products (lamps and LED strips) have a 6-month warranty against factory defects. Kitchenware and decor have no warranty beyond the 7-day return period.
